### NURSERYMAN'S CERTIFICATE No. 343

THIS IS TO CERTIFY THAT the nursery consisting of General Nursery Stock and field grown Herbaceous Perennials (field inspected) and the premises of NAPERVILLE NURSERIES, INC., Naperville, Illinois, situated at Naperville, Illinois, have been inspected by a duly appointed inspector of this office and that said nursery and premises are apparently free from dangerous insect pests and plant diseases.

This certificate is valid until August 1, 1941 unless sooner revoked.

September 7, 1940

L. A. MOORE,  
Superintendent

H. F. SEIFERT,  
Chief Plant Inspector

### Quantity Rates Will Be Applied as Follows:

1 to 4 plants inclusive of any one item will be billed at the single rate.

5 to 24 plants inclusive of any one item will be billed at the ten rate.

25 and up of any one item will be billed at the hundred rate.

☞ Whenever we are asked by customers to make special selections of items for them we add 15% to catalog prices for items selected.

☞ All nursery stock selected or tagged by customers in the nursery will be charged for according to the value of the plants chosen, usually catalog prices plus 25%.

When balls of earth (B & B) are required or desired on shrubs, trees or plants not catalogued as balled (B & B) add the following charges per piece. Sizes are diameter and depth.

# ADVICE TO CORRESPONDENTS, DIRECTIONS TO CUSTOMERS AND CONDITIONS OF SALE

All prices named herein are:

- Limited to 1940-41 and supersede those of any previous Wholesale Trade List.
- For goods f. o. b. Nurseries or cars Naperville, Illinois, exclusive of any packing, express, freight or transportation charges; packing charges are extra in addition to cost of plants. No charge for packing car lot orders in bulk.
- Subject to cancellation or change without further notice upon prior sale or depletion of our stock of goods.

In the rush of planting seasons, customers calling at the nursery will be better waited upon and served by making an appointment in advance. It is difficult to always properly serve customers at the nursery on short notice, and especially on Saturdays.

Orders taken at our Sales Room on Sunday.

OUR NURSERIES are situated adjacent to the city of Naperville, DuPage County, Illinois, some 28 miles West of Chicago, on the Chicago, Burlington & Quincy Railroad. Popular automobile routes as State Route No. 65, and U.S. Highway No. 34 pass our Nurseries.

**ORDERS.** Write plainly and give explicit directions as to address and mode of shipment, whether by freight, express, etc.

**Orders are accepted and all shipment made subject to delays or inability to ship or deliver** by reason or on account of strikes, accidents, droughts, fire, floods, frost, hail, sleet, war conditions and orders, railroad or express embargoes, priority or other transportation orders, prior sale of stock, stock shortage, labor or car shortage, or any other cause or causes for delay in shipment or delivery of goods which are beyond our control.

**Due to general conditions of weather, possible labor shortage and other contingencies**, during the digging and shipping season, we do not guarantee to fill all items of an order or orders placed with us in one or first shipment.

**GUARANTEE AND CLAIMS.** In growing and furnishing all Nursery stock, we exercise the utmost diligence and care to have it true to name and will, on proper proof, within one year from date to our satisfaction, replace in ordered sizes any that will prove otherwise or refund the amount paid. Any and all sales made by us do not include any warranty expressed, or implied, as to quality, description, productiveness, growth, or any other matter or qualifications pertaining to the Nursery stock sold.

It is mutually agreed and understood between the Purchaser and Ourselves, that in any case we shall not be liable for a sum greater than the amount originally paid us for any tree or plants, etc., that prove untrue.

**IN MAKING ALL SHIPMENTS WE CAREFULLY CONSIDER CONDITIONS IN GENERAL AND ACT ACCORDINGLY.**

**ALL SHIPMENTS AT PURCHASER'S RISK.**

**In absence of specific instructions**, we are to route all shipments according to our best judgment without assuming responsibility.

**If destination is a Pre-Paid Station**, freight charges will be prepaid by us and charged for on invoice.

**Claims for Errors or Shortage** must be filed with us within Ten (10) days after receipt of goods. No claims for errors or shortage in excess of purchase price will be considered. Claims for damage to stock en route by Railroad or Express Company shall be immediately reported and entered with your local agent of transportation company.

**Payments of accounts to be as follows:**

**Remittances with order will be considered payment on account**, inasmuch as chargeable packing charges, or prepaid express or freight, or cost of trucking cannot be ascertained until goods are packed, shipped or delivered, as the case may be.

**All Accounts, 30 days net cash, except Spring Accounts with Wholesale Nursery Trade** which are due on June 1st, of same year.

**Fall Accounts with Wholesale Nursery Trade** which are due on December 1st, of same year.

**2% Discount allowed on accounts** if paid within 10 days from date of shipment.

**3% Discount allowed** if remittance accompanies order.

Where remittance accompanies order same should cover total amount computed at list prices of goods ordered without deducting discount.

Such remittances will be considered payment on account, **subject to cash discount**. Our invoices will show entire transaction showing price of plants, packing charges, prepaid express or freight, or delivery charges, **also discount for cash with order will be applied on invoice** as soon as goods are shipped, or delivered, as the case may be.

The condition may arise where the entire amount of all invoices for stock shipped will be less than the amount, or amounts remitted, in which case the **unearned portion of remittances will be refunded as soon as the shipping season is over and our books and accounts have been properly audited, if not before.**

**Payments for partial shipments** shall be due on basis of Invoice dating.

**Accounts after due dates** are subject to sight draft, also interest charge at rate of 6% per annum.

All will be shown on invoices, and in case of over-payment by remittance for goods actually sent proper refund will be made of unearned portion of remittance, as soon as our shipping season is over and books and accounts have been properly audited, if not before.

**Cash or satisfactory references with order, if purchaser has no credit established with us.**

Certificate of inspection will be furnished with each shipment.

Address all communications, orders and remittances to:

WHOLESALE TRADE LIST, FALL 1940—SPRING 1941

TREES

All stock has been transplanted at least once and all of our twice transplanted trees as noted below are spaced in the nursery rows and have a splendid top and root development. Each tree is a fine specimen and should not under any circumstances be compared with the ordinary nursery run stock of once transplanted trees as listed in most catalogs.

Let us quote you on your list of wants. In carload lots we can make you better prices on many items we have in surplus.

## PERENNIALS

FIELD GROWN. ONE YEAR, EXCEPT WHERE NOTED.  
TRANSPLANTED STOCK.

Let us quote you on your list of wants. In large quantities we can make you better prices on many items we have in surplus.

We are frequently asked for general information in regard to proper planting times of perennials.

Perennials as a general rule, with the exception of those that love water, thrive best on good garden soil, well drained, and especially good surface drainage, so that no excessive moisture or water accumulates in beds in winter, which with changeable frost action is detrimental.

As a general rule, perennials are best moved during September, October and up to frozen ground time in the Fall, and then again in Spring, beginning with the time when the first shoots begin to show green on perennials; and from that time up into May until too much foliage and hot days terminate successful planting.

Iris of various sorts transplant particularly well shortly after blooming time, when they can be divided and pruned back for new plantings.

Peonies are best transplanted at any time during the Fall months, even up into cold weather; but if Spring planted, move them as early in Spring as possible.

Mulching perennial beds in colder climates should be done with material such as dry straw, hay, oak leaves, but never with leaves from soft wood trees, or fertilizer, or grass clippings, such as will pack down and not allow the air to reach plants. The latter environment generally creates a heating and rotting condition, and produces a loss whether in the first or in subsequent years after planting. Apply mulch only after frost has entered the ground to depth of several inches.

Perennials also like an occasional application of good garden fertilization if soil is sour, but apply with caution. If the ground is sour, apply limestone screenings (size one-eighth inch to dust) liberally before applying fertilizer.

Varieties marked with a (★) are particularly adapted for the rock garden.

Varieties marked with a (●) are suitable for waterside planting and damp places.

Varieties marked with a (◆) are good ground covers.

## PAEONIA CHINENSIS

September is the best time to plant Peonies. If planted in Spring plant them as early as possible.

The figures preceding the varieties are the rating given to them by the American Peony Society. Strong divisions with 3 to 5 eyes.

For Clumps with 8 eyes and over add 50%.
